New Project, Villa Trang in Ho Chi Minh City, Vietnam

Aschoff Solar and Terramar Vietnam finished a new Solar Power System, for the *Villa Trang* in Ho Chi Minh City.

The System is designed to generate electricity for self-consumption and serves for the residents of the Villa.

Installed on the ground in a beautiful garden area, the System comes up to the requirements of a modern building that was equipped with a solar application to achieve a zero CO2 emission energy supply.

Project Data

Customer:	Villa Trang
Location:	Ho Chi Minh City, Vietnam
Solar Power:	10 kWp
Solar Yield:	14,672 kWh/year
