

Aschoff Solar Company News

March 2013

New Partner in Thailand

Aschoff Solar is glad to welcome a new partner in its team. *Terramar Thailand* will take over the sales for the Solar Systems in Thailand. Mr. Bundit Surintharaseree will continue to support *Terramar Thailand* on the level of networking and relationships together with Mr. Jorg Steinke, our technical support in Asia.

With the expertise of *Terramar Thailand* in the area of sales for technical products and the nice and active team in Bangkok, both companies will look forward to a good cooperation.

About the New Partner

Terramar Engineering & Machinery (Thailand) Co.,Ltd. was founded in Thailand in 1996. It succeeded Brewo Trading Co., Ltd., which was active in Thailand for many decades before. The change was made to document the Thai operations belonging to the Terramar Group of companies, active in many parts of the world. BREWO existed in Thailand for over 40 years.

Terramar Thailand or *TEAM Thailand* as it is called by themselves, is active with trading activities, export, import and distribution in various fields. They distribute electric components, light fittings and reflectors to the Thai lighting industry. Terramar Thailand is very active in machine supplies to the Thai plastic industry and do trading and distribution of other products in various other applications.
